2 FEB 1974

Honorable Ralph S. Regula
House of Representatives
Washington, D. C. 20515

Dear Mr. Regula:

I want to personally thank you for taking time out, at such a busy time on the Hill, to address our Advanced Intelligence Seminar class last Wednesday.

AT tells me that you gave a most interesting talk. The members of the class were particularly impressed with your interest in some of our unclassified publications on the world economic situation. The subsequent discussion with the American University students added a further dimension to the visit.

We are looking forward to having breakfast with you and some of your colleagues on the 26th of February.

Again, many thanks for your interest and help.

Sincerely,

/s/ W. E. Colby

~~William A. Walters~~
